GOVERNMENT OF INDIA
RAILWAYS
LOK SABHA

UNSTARRED QUESTION NO:6272
ANSWERED ON:12.04.2017
Second Railway Track
Maganti Shri Murali Mohan

Will the Minister of RAILWAYS be pleased to state:

(a) whether the Government is considering to lay a second railway track at the existing road-cum-railway bridge which is a single track now, running across the river Godavari in Rajahmundry; and

(b) if so, the details of the plan chalked out in this regard?

Answer

MINISTER OF STATE IN THE MINISTRY OF RAILWAYS

(SHRI RAJEN GOHAIN)

(a) & (b): The existing road cum railway bridge across the river Godavari at Rajahmundry was constructed for single railway track. The substructure for this bridge was constructed for two tracks and the super structure was constructed for single track.
3rd line work between Vijayawada-Duvvada(335 km) including provision of super structure for 2nd track has been included in Budget 2015-16 subject to requisite clearance.
